We have had so many requests for copies of the picture of the Gassendi Crater on our Moon, that we are reprinting it on the front page of this issue of the "Proceedings".

The detail in this picture proves that it was taken through an extremely large telescope - not one on the amateur scale.

Our information stated that it was taken by the 200 inch telescope at Mt. Palomar, California. When we published this picture before, one of our readers - in order to authenticate that it was taken at the Mt. Palomar observatory - wrote them and asked if the picture printed in the "Proceedings" by Van Tassel was taken at Mt. Palomar?

Their reply to him was "Mr. Van Tassel is not considered to be an accepted astronomer".

He didn't ask if I was an "accepted" astronomer; he asked if they took the picture.

Like all authority who do not want to answer the question asked, the Palomar "accepted" astronomers implied that because Van Tassel wasn't a "legitimate" astronomer, that they didn't take the picture.

I have never claimed to be even an amateur astronomer.

The thing that proves that the press is controlled, is the fact that every major city news editor whom I approached to have this picture printed in their newspapers said that they would print it. To date it has never been printed in any newspaper.

Why is officialdom withholding this important information from the people?

1. It proves beyond a doubt that the Earth is not the only planet with people on it, as no government
on the Earth built this base in the Gassendi Crater.

2. This picture verifies the space people who are coming here in space ships.

3. This picture disproves the orthodox contention that God created man on the Earth. That there is only here and hereafter and nothing else.

4. This picture makes the authorities and scientists trying to put a man on the Moon look like "Johnnye come lately" experts.

5. This picture, from the angle of the Sun and its shadows, clearly shows domes over underground living quarters, connected with a system of large diameter tubes on the surface to travel through and maintain an air pressure system throughout the entire base.

This crater is 55 miles long, and was pictured some 35 years ago by Wilkins in his book "The Moon".

When authority hides from its own people information of this kind, that Russia and all other countries' astronomers know about that has no security or military significance, then a dictatorial policy exists in violation of our Constitution.

We still insist that the strength of any nation lies in the knowledge of its people - not in how many billion dollars the country is worth, or how destructive a war it can conduct.

The authorities scream freedom with every breath out, and suppress freedom with every breath in. Nobody is being fooled anymore.

This is one of the most startling photographs of all time. I challenge "Life" or "Look" magazines to print it with the official Palomar data relative to it.
MESSAGES FROM "THE GOLDEN DENSITY"

O mortal man, listen for the tones of me. I play a harmony that whispers in the trees. My breath roars through the rocks and causes waves to crash like thunder on the beach. In each of you, a part of me is waiting to be recognized in the rhythm of my doings. Halt those things of daily life that interfere; that bring you strife and misery. Listen in the quiet. My melodies are playing in your ear. Tune the instrument of me that I gave individuality. Become the part you were created for. Perform the operation of my doings to manifest the light of me. Recognize in others that my music is within. Listen for the ecstasy and understand the symphony of another's heart. I am there waiting patiently for you to hear, for you to see, for you to feel the you in me and me in you. Find me in another and the secret is unlocked to you. The door is open, never more to close. I play my tunes eternally and I appreciate applause from those who recognize my rhapsody.

O man, reflections of my parts. The curse without that hides me from within is fear. The curse that brings blasphemy from the mouths of children are examples set to hide the way to me. For many fear the door of death and struggle to retain the density of garments worn in sin. For man, destruction bent, cannot withstand my light within and so he crawls behind the words that blasphemy other men. He generates hate and malice for even those he does not know, and forces me to retreat behind the mind. My only path to reach the heart is through reaction to man's action. And though he suffers, I suffer too. For the realization is within the being of me that my parts have failed to stand the test. And though my time is not, it wrenches pain to see again my class has failed to pass the grade. I cleave my boundaries clean. I leave no fringes to distort the record of any single part of me. I suffer in the test and rest can only come to those who strive to reach my light within. For I am boundless self of you, and all you do to further plans of me must be for others. None can bring about advancement of the individuality. For these only sever parts from me and separate my being, that they may better hide behind the walls of darkness.
LUNA, LASER, AND LUNATICS

"The Sun shall be turned into darkness, and the Moon into blood, before that great and notable day of the Lord come:" Acts 2:20.

Luna has been one of the names given to our Moon down through our recorded history.

Lunatics were supposed to be people who were addled and insane as a result of looking at the full Moon.

Today we have personnel in space sciences and astronomy, who have many degrees and conferred titles of great importance, spending most of their time in observation and planning to put a man on the Moon.

These people, some of whom are mad, are not classified as lunatics, because they are assigned to their work by authority of great might and money. Once they have achieved to recognised distinction because of their many degrees, they could "lose their marbles" and become more lunatic than many people are who are in mental institutions, and they would still be considered sane by the also addled authority.

Recently a professor remarked in a featured article in the newspapers that "no life as we know it could exist anywhere else in space". This distinguished man also objected to the amount of money we were spending in an effort to find intelligent life in space. I disagree with him on both counts. We must look in space for intelligent life because very rarely have we found evidence of any intelligent life here on this Earth.

Laser - the new discovery of how to bounce light until it has to run from itself, has been demonstrated to be both a beneficent and a destructive force. The only trouble with these new discoveries, in the hands of the experts with degrees and titles, is that they always figure out some way to use them.
without regard as to the results of their madness. When these distinguished men of degrees found out that this beam of amplified light could burn holes in steel, diamonds, and other normally almost indestructible materials, they had to find something else to shoot at. Ah! The Moon! There's a big target that everyone in the scientific circles discuss over their cocktails; so they fired Laser beams at the Moon! They bragged about the fact that the beam had traveled 240,000 miles, and was still confined to a small area of around two miles in diameter upon reaching the Moon's surface.

No consideration was taken of what this light amplification would do to the surface of the Moon.

Then a year later the astronomers suddenly discovered that something was happening on the surface of the Moon. The Moon, long looked upon as a dead, lifeless body circling the Earth, suddenly showed signs of some strange activity. Arguments between the astronomers arose. Some said they saw red carbonic gases; others reported the spots were volcanoes; others said it was lava flowing on the surface, emitted from cracks in the surface. All of these luna gazers agree a new condition exists. All of them agree it is red. Some of the Moon scanners described it as "like flowing blood".

One of the astronomers at Lowell Observatory at Flagstaff, Arizona said, "I had the impression that I was looking into a large, polished, gem ruby".

None of the titled degree boys suggested even a hint that this new turning of the Moon into blood could have possibly been aggravated by the ignorant act of humans firing laser beams at the Moon. It is strange that laser is the word formed from the first letters of "Light Amplification by Stimulated Emission of Radiation". It is activated in its amplification in a synthetic ruby rod. The rod looks like a glass tube containing blood when one looks through it.
The last two words "Emission of Radiation" seems to be manifesting on the Moon in the spectrum of Ruby Red because these colored spots are growing in size.

Has laser in the hands of lunatics brought some red form of micro-organism to life? Or has it caused some living organism on the surface of the Moon to bleed to death in a spreading mass that may cover the Moon's surface?

The Bible predicted "the moon shall turn to blood". God in His Infinite Wisdom knew humans would activate this condition by their ignorance.

Yes, we must look in space for survival and for intelligent life - for there is little evidence of intelligence on the Earth.

THANKS

We wish to thank those people who sent us gifts to keep the "Proceedings" rolling and keep the work on the Integratron progressing.

THE NEW JERUSALEM
(Shanchea)

Four square I am to you out there,
The facets are my faces,
My index is reflection bent,
You project mind into the vent,
And power thrust is circumspent,
Refraction enters, diffusion too,
The code is known by light of blue,
The power returns, and is not spent,
Producing action through the vent.

(This is the formula for true space propulsion without moving parts.)
LECTURE TOUR

Mr. and Mrs. G.W. Van Tassel will be on a lecture tour from April 15th to May 15th. This tour was made possible by a gift from one of our "Proceedings" readers and his wife, who are old friends.

The tour will be up the West coast to Vancouver, B.C. Those friends along the way will have to watch radio and T.V. shows, or see the writeups in their local newspapers to find out where the lectures will be held in their cities.

Tentative lecture dates are as follows:

Sacramento, April 19th; Grants Pass, April 24th; Salem, April 26th; Portland, April 29th; Seattle, May 2nd; and Vancouver, May 7th.

The lectures of Mr. Van Tassel will be entitled "The Phenomena of Our Time".

A scale model of the "Integratron" will be on display at the lectures. This beautiful model was made by Mr. Herbert Kelley, who is one of the Directors of our Ministry. The scale is ½ inch to the foot, and one side has been left open to show the internal structure of this non-metallic architectural wonder.

THE INTEGRATRON

We regret to inform our readers that an old friend, Richard "Dick" Hulbert, who was painting the "big dome", was killed instantly when his pickup truck rolled over near Yucca Valley, California.

We all will miss Dick as he was such a happy person to be around.
SIGN OF THE TIMES

The Earth is now entering "the beginning of the end" period. The immediate future holds only the reciprocation for the violation of God's laws by man.

People who have gained a sufficient amount of money - instead of being grateful and content with their welfare - are investing to make more money. This madness, under satanic influences, has become a pattern of the time. People whom we have seen climb out of the lower income bracket are frantically trying to become part of the rich crowd.

Some people who have more money than they know how to spend are clinging to their excess like they were going to take it beyond the grave with them. Mammon rules these people!

Countries are flinging paper values around by the billions of dollars a year. Real estate has jumped in false values beyond all reason. Producers do not consider anything under 100% a fair profit anymore. Labor unions have gone crazy with their demands.

The Negroes want "legislated" equality. White people want to maintain super equality. People generally think "the Government" can support any wild idea financially that will relieve them of all responsibility. National government officials look only to the vote-getting potentials, or the tax-taking potentials, as the only basis for their legislating new laws, which they can't enforce.

World leaders have set up powerful subversive groups, outside of government, to promote their power prestige.

State governments have withheld monies normally returned to the counties in order to show lowered State taxes for political purposes. Counties have increased their taxes in order to fill this tax need. People are paying increased taxes to Peter, instead of Paul.
The national government puts through a "tax cut" bill, which on close analysis will cause inflation and endanger the National security.

The U.N., under diabolical control, is enforcing "peace" with military weapons - while the U.S. foists the bill. Foreign Aid is trying to buy "friends" in unfriendly countries - while the kickbacks increase among politicians, and the foreigners blackmail Uncle Sam for more gifts with the threat of going over to the other side if they don't get the payoff.

Roosevelt tried to prove that a man could be President forever. Truman tried to prove that anybody could be President. "Ike" tried to prove that the country didn't need a President. Kennedy proved it was dangerous to be President, and now President Johnson is picking up the pieces to make a new jig saw puzzle for the citizens - at increased national expense.

The World has become a big circus with the people paying the admission to see the politicians feed peanuts to the elephants.

Anti's and Pro's are organizing in bands by the thousands. Rightists, Leftists, Upists, Downist's, Inists and Outists! Teen age gangs and old age gangs. Age has become a political argument instead of a dignified state in life. Old people are being convinced they should all live together in "Age Clubs" - to sit and play cards together waiting to die, instead of mingling and using their experience gained through the years to actively straighten out this world mess.

People who were running naked with a spear in their hands a few years ago, are now wearing top hats and tuxedos as "diplomats" to the "United" Nations.

A city is blamed for an assassination - while the National Capitol has the biggest crime rate, more prostitutes, and perverts, than any other city of its size.
The world leaders meet and drink highballs to each other's health, and then separate and call each other dirty names.

Nuts are not something we eat anymore, they are people.

The government withholds information from its people - while spending more tax money to "educate" them.

Washington constantly drinks political toasts to the common people. They mix cold taxes with hot expenditures, sweeten it with propaganda over national T.V. shows, make it bitter with lies, hold it up and say, "here's to you" and drink it themselves. This is commonly referred to as the "Capitol Cocktail". The hangover is going to be a doozy.

There is no doubt that the "moon shot" got the close up T.V. pictures it was supposed to, and it scared the officials so bad they felt they had to tell the public the T.V. cameras failed - rather than show the people there is someone in this Universe besides "us monkeys".

After 370 meetings at Geneva to try to reach an agreement on a bomb test ban unsuccessfully, suddenly Kennedy and Khrushev reach an agreement overnight. Why? Was it because officialdom didn't want to be blamed for the increase in cancer and leukemia? Was it because the Pope and other public personalities were suddenly stricken with cancer? Or was it the 53,000 children who received an overdose of radiation from the Nevada bomb tests? Possibly it was because the scientists so steeped in the fallout of strontium 90 which affects people, especially children, through its affinity for calcium, suddenly discovered that the fallout of carbon 14 was 15 to 17 times greater than strontium 90 for each bomb test. Strontium 90 affects the bones through the assimilation of calcium and has a half life of about 28 years.
Carbon 14 affects all organs and cells and has a half life of 5,760 years. In other words, carbon 14 fallout will contribute to the illness of the next 320 generations of today's people. Is this the curse that the Bible said would fill the Earth with its pestilence?

What this world needs in this accelerating atomic age is leaders with foresight — not horse and buggy politicians. The only ones who even talk like they might fill the bill are George Romney and Barry Goldwater.

The smog reports which are given with the weather reports no longer mention the quantity of smog, but the amount of eye irritation. Everything is twisted to make it look like something else.

These are the latter days.

They are about to climax in a planned U.S. involvement in a limited war. A terrific drop in the Stock Market. A voter reaction that will surprise the mathematical wizards. Storms, earthquakes, and floods that will scare the devil out of a lot of people.

The internal fight for power that will follow the death of one of the big four heads of government. The backfire of a plan on a world scale as a result of this, and an increase in unemployed persons as a result of sudden automation. Remember the automation machines do not pay taxes like the people they replaced did.

Everything in this time (the next four years) is jelling up into one, big, gloomy mess as a result of people in authority catering to the unfeeling golden calf for profit, instead of to God's feeling creations, humanity.

One nice thing about living in this time, if you can stand the pace, is that you may see a very unexpected end to all of the grief of the world in conflict — if you "look up for your redemption draweth nigh".
OLD MOTHER EARTH

Nature's laws of reciprocation seem to be reacting violently to violence. The Alaskan earthquake (on Good Friday) was an equivalent reaction, in energy, to the jars accumulated from all the underground tests in Mother Earth's old skin.

Human sacrifice is on the increase from the times when one person was cast into a fire to appease a God.

Greed for profits has caused people to lose their perspective relative to life values.

The stock piles of atomic and nuclear weapons in the U.S. and Russia, alone, now is equivalent in destructive force, if they were all used, to the total destruction of World War II every day for the next 145 years, and they continue to make more bombs daily.

The fact that these stock piles of radioactive materials can be exploded simultaneously by mutual radio harmonics in nature, intentionally, or by accident, is not understood by the "experts" who create them.

It is reported that the U.S. alone has 130,000 aerosol nerve gas bombs. One of these bombs will kill every living thing in an area of 8,500 square miles. One hundred and thirty thousand will kill everything on the Earth 151 times over.

This is now called the over kill deterrent. The threat now between the nations is not that "I can wipe out every living thing in your country," but "I can do it 215 times over".

This business of making more and more destructive weapons and devises daily, demonstrates what God these who authorize, and profit financially by their activities, worship. This is the God referred to
as Demo, the D-evil. His name heads all destructive things. Dead, Death, Destroy, Defeat, Decay, Desecrate, and others too numerous to mention.

Some organizations also are influenced by this Demo influence.

Mother Earth is being raped of her raw minerals, uranium, oil, coal, and other materials for profit. Her breath (the atmosphere) and her waters of life (rivers, lakes, and rains) are being contaminated by carbon monoxide, radiation from bomb tests, and factory wastes, in order to make more destructive weapons.

This civilization has no concept of the laws of nature, or God.

Mother Earth has to spank her wayward children with floods, earthquakes, diseases and Democratic reactions. God made the laws of action and reaction. When humans perform detrimental acts on Mother Earth, she has to react in the laws of retribution.

Mother Earth gives us free, everything we need, then we sell it to each other to make money. We even sell her surface to each other.

This civilization might have a chance for revival, or survival, if it could manifest the giving God, instead of the taking Devil.

Authority isn't selected for it's past manifested ability. It is appointed by Decree of the masters of economics. This is seen in the increasing national Debt.

The future can only react with the hell, and chaos, that humans have made of this beautiful planet.
THO I HAVE SET THE PATTERN OF MY DOINGS ALL ABOUT YOU, YOU SEE THEM NOT. I SCATTER SEEDS OF LIGHT. I CAST THE SHADOWS MAN CALLS DAY, AND SHADOWS OF THE SHADOWS MAN CALLS NIGHT; IN REPETITION. I HAVE PAVED THE WAY FOR MAN TO SEE. HAS NOT MY PATTERN STOOD THE TEST TO BUILD A BIRD A NEST AGAIN WHERE OTHERS WERE BEFORE? CANNOT YOU SEE, O MAN OF ME? DO AS I SAY, DO AS I DO. DO AS I CAUSE THE WAY TO BE WITHIN YOUR UNDERSTANDING OF THE ME IN THEE. LOOK TO THE PATTERN ALL AROUND. THE FRAGRANCE OF THE ESSENCE OF MY LOVE. IN FLOWERS YOU HAVE FOUND ME, AND IN THE COOL BENEATH THE TREE, THERE I AM TO COMFORT YOU AND YET YOU QUESTION ALL THE PARTS OF ME. THROUGH MY BEING, I MADE THEE MAN TO CARRY ON, TO TAKE THE STAND IN MY DEFENSE. TO BUILD THE WALL, TO SCALE THE FENCE OF DESTINY, NOT TO FOLLOW WHIMS OF CHANCE ALONG THE SIDE. NOT TO FALL BENEATH THE WHEELS OF HATE AND FEAR, THAT OTHERS MAY RIDE IN COMFORT. ONLY LOOK, FEEL THE ESSENCE OF MY BEING. ABSORB ME IN THE BREEZE. REACH ME IN THE SUN. MY HEART IS WARM. YOU ARE THE ONE. NEVER HAVE I SET A PATTERN TO LEAD YOU ALL ASTRAY. ANY FEAR YOU FEEL, O MAN, YOU MAKE ALONG THE WAY TO ME AND YOUR ARRIVAL IS DELAYED. YOUR STAGE IS SET. THE CURTAIN MUST COME DOWN, BUT ONLY TO GO UP AGAIN. MY PATTERN IS ETERNITY. REPETITION IS THE GRADES THAT LEAD TO ME, O MAN.

ACCELERATING CHANGES IN OUR SOLAR SYSTEM

Along with rapidly accelerating storm, earthquake, and flood conditions on the Earth, information that has leaked out from astronomical scientists indicates the entire Solar System is going through a phenomenal change.

Dr. Bruce C. Maley of the California Institute of Technology, using a special thermic ray observing instrument on the 200 inch telescope at Palomar Observatory, recorded violent storms in the Southern hemisphere of the clouds around Venus. The storm area was emitting heat, he said.

Mr. Ken Sato of Rakurakuen Planetarium, Itsukuchiho, Hiroshima Pref., reports that for 300 years the large red spot on Jupiter has remained unchanged until September of 1962. Then a large dark spot formed near the equator and spread rapidly. The closer it came to the old red spot the fainter the red spot became until the large red spot had almost disappeared by January 8th of 1963. Mr. Sato said the changes on Jupiter had become violent over the past year. He is the chief astronomer in Japan, on the planet Jupiter.

According to astronomers A. Darfus of France, J.H. Bossam of South Africa, and Prof. Charles H. Giffen of Sprinton University, changes are rapidly occurring on the planet Saturn.

First a white dot suddenly appeared on the surface of Saturn in 1960. Then greater activity began and expanded to eleven white spots. Prof. Giffen reported several bright egg-shaped spots formed a line like a flowery rosary between the Equator and the North, and also an unusual pattern appeared in the Northern Tropics.

A few years back it was announced by American astronomers that our Sun had reversed its polarity.

Red spots recently appeared on our Moon for the first time in history.

These are the "signs in the sky", referred to in the prophecy of the latter days in the Bible.

Are you ready for a Solar Cataclysm?
WHY ARE YOU?

In the concept of creation, from your point of view, you have gathered this information throughout the centuries and accepted this conditioning of the mind, to the point where you "think you are something". This is natural under the circumstances - this management and ignorance throughout the generations of living upon your planet. Let me inform you why you are, from our point of view.

You have records there indicating that once all was void, and the creation came to light and darkness and so forth. This is a good terminology, to teach the ignorant to be ignorant, but it does not give you a basis of understanding to know why you are.

Our records here teach that the Infinite Mind, the Pure Intelligence, the Absolute Creator of All Things, is a static charge of absolute intelligence permeating absolute infinity, boundless without end. A nothing, so to speak, in its essence of pure void.

This static charge of absolute intelligence created galaxies, solar systems, planets, moons, atoms, people and other conditions out of pure boredom. The instant the static charge was given life in form of any nature, it was also given polarity. For nothing can manifest life in form without polarity. This is the reason for the right of free choice between your two polarities. The one who wants to be and the one who doesn't want to be, good or bad as you label it.

Literally there is no such thing as good or bad. They are contrasting opposites of polarity manifesting through people for reasons necessary to experience life.

This polarity opposition when given the right of free choice and intelligence to manifest its ways other than in a static condition, naturally wanders off the path and cruises down through time, experiencing many pleasures and unpleasant things.

In your particular case in human form there, you have also acquired conditioning through your monetary necessities and your domestic classifications, and foolish ideas and rituals that have been propagated by ignorant people centuries ago.
The dogma of belief is an illusion - you either are or you aren't. There is no such thing as a belief in something other than to express a faith in something. And belief is not faith. Faith is a knowing, and belief is an illusion.

In this contrasting opposition within yourself of polarity opposites, once you have been created as an individual and removed from the static infinity of pure intelligence, you are going to travel both paths a little bit. You must burn your fingers now and then, because you have lost the intuitive ability to know which is the correct path.

The darkest way downward is always the most inviting to those whose light shines the brightest, because they have an instinctive urge to overcome the darkness with their light. Naturally those who have achieved to the greatest spiritual development within their individual being, have fallen furthest, because they had further to fall. And having reached the levels of ignorance and darkness, they have a much more difficult time in climbing back to the path.

The unity of Absolute Mind and static love in spirit, exists throughout every thing. You cannot avoid the presence of your Creator at any time at any place. All is known - immediately - even before it happens.

Those of you who are doing the will of this Infinite Intelligence are the ones who follow the intuitive receptive abilities to do the unusual. You would have to be an oddball in order to conform to the pattern of universal laws of your planet.

No individual, to our knowledge, upon your surface who walks and conforms to the dogma and custom of your time, is following the pattern of intelligence.

Once you step outside the bounds of this pattern of ignorance, society wishes to tear you down and confine you. Because in the darkness of war and hate and greed and destruction, they cannot stand to have one shining above them in intelligence.

In this division of the spirit, in creating individuals, this Infinite Mind gave you eternity to be you. You are you and you can never be anyone else. You will always be you. The question is "Do you like yourself as you are? Are you satisfied with the doldrums
of making a living and following the laws of your land and the laws of your planet and contributing to the destruction, the chaos, and the collusion of the forces of darkness? If you like yourself this way, that is your privilege and you are welcome to remain in this state.

But, if you are dissatisfied and you wish to raise your spiritual self to higher levels of consciousness and be aware of the receptivity and intuitive ability of your spiritual self, you must apply an effort continuously and constantly to reach the higher levels of understanding and love and light. The application of effort will open the doors to your receptivity; the understanding. And you will have to make sure that your neighbors don't know what you are about, because if you express yourself as an intelligent being they will nail you to the cross, one way or another.

You must assert the positive, negative ability of your electrical spirit-nature and reach into this void of pure intelligence and assimilate that which you are capable of understanding. You must apply yourself. You must extend yourself. You must not discount, with the brain, those things which you receive, or analyze and discard the truth, for the human ego can soon twist it into something else and accept it as the truth.

The static ability of this Ever Permeating, Ever Present Pure Mind is there for every individual to use if they will activate the polarity in their spiritual, electrical selves, and create a void which will be filled instantly by the Creator with truth, love and light, and a condition of feeling that will not permit disease.

You are each your own keeper. You are each your own caretaker - as well as your neighbors, your brothers and your sisters, and before you can ever reach out to assist another you must first raise yourself - to be capable of assisting another.
SAUCERS AND SORCERERS

The flying saucer subject is getting very near the point of exposure, so that everyone in the world will know what is what at last.

The pentagonians from the Pentagon in Washington, where all military information is supposed to be centered, keep all data pertinent to U.F.O.'s at Wright Patterson Field at Dayton, Ohio. Why? Are the sorcerers afraid other military personnel in the Pentagon will accidentally, or intentionally, discover the answers the Air Force keeps under top security?

The Air Force has stated several times that "these objects present no danger to the security of the United States." This one sentence is an admission that there are objects and that they are friendly, which proves that the Air Force knows.

The Socorro, New Mexico landing, which has received so much publicity because it was seen by an officer in uniform, is the prize case of our time.

This was an Air Force (Advanced Research Division) experimental test ship that had to make an emergency landing. The Air Force has been testing experimental anti-gravity craft since the early 1950's. They are not space craft however, because they are limited to low altitude flights. This is due to the principle of anti-gravity being used - which is relative to the charge of the mass of the craft. They cannot fly higher than a few hundred feet in altitude because instability increases with altitude. The craft use the Biefeld-Brown effect of electro-static magnetic propulsion. These experimental military craft will cause brush and grass on the ground to burn by the corona of the static charge on their hull, the same as the visiting interplanetary ships do when close to the ground.

These super-secret craft are, or were, based somewhere in Idaho, so they have been observed flying very low in the surrounding states. They may be using the White Sands Proving Grounds as a base, now.

DON'T SHOOT AT THEM, as a few trigger happy people have done in the past! The true space ships do not have landing struts that make depressions in the ground, or drip hydraulic fluid.
TAX EXEMPTION

We are happy to report that we have overcome another barrier in our effort to receive Federal Tax Exempt Status.

The following is from a letter received from our attorney, dated March 24th, 1964:

"I have conferred with the Government official of the Internal Revenue Service who has your tax case for the years ended January 31, 1960 through January 31, 1962. He has agreed to recommend no deficiency for the years on the basis that the amounts received by you were gifts and not taxable income. He stated a letter will be issued upon this basis, probably this month. The deficiencies as asserted in the examining agent's reports are as follows:

Below is a copy of the letter received from the U.S. Treasury Department, dated April 20th, 1964:

Gentlemen:

The recommendation of the Technical Advisor that your income tax liability for the fiscal years ended January 31, 1960, January 31, 1961, and January 31, 1962, be closed on the basis of no deficiency and no overassessment has been approved.

It will not be necessary for you to take any further action concerning the preliminary notice addressed to you by the District Director.

A.C. Dambrun
Special Assistant
We wish to thank the many readers of the "Proceedings" for the letters they sent to us, stating that their donations were given without expectation of future benefit.

This made it possible for us to prove that the income was gifts.

Now all we have to do is find $550.00 to pay off the balance due our attorney, so he can be paid in full up to date, and continue to act on our case until we receive the official letter stating that we are federal tax exempt.

MORE VERIFICATION

In the "Los Angeles Times" of Sunday, June 21, 1964, is a article entitled "Rock Layer Like Taffy Found Deep Inside Earth."

D.L. Anderson of the Caltech seismological laboratory said "sixty miles beneath the Earth's surface there is a 300 mile thick layer of rock that has the consistency of a batch of hot taffy."

In the "Proceedings" of November 15th, 1953, (over 10 years ago) in an article printed on "Infinite Light Power" we stated, "Between the fiery center of the positively charged core and the negative crust is an insulating, non-conductive strata of fluid glass (obsidián) six hundred miles in thickness."

Soon we will be verified also in our contention that spacecraft are surrounding the Earth, which have come from other planets.
SPACE PLATFORM ORBITING AROUND MARS

U.S. Government scientists are working on a fantastic round-the-clock investigation as you read this - trying to confirm that a huge space platform with living creatures aboard is orbiting the planet Mars.

Consensus of opinion among scientists is that Phobos, one of the moons of the mysterious Red Planet, Mars, probably is a huge space platform, approximately 5 miles in diameter.

The confirmation of their theories would shake our world, because the space platform would not have been made by man - but by living creatures from Mars or some other planet.

A crazy theory? - No, say such world authorities as physicist Dr. Fred Hoyle, astronomer S. Fred Singer, and the Russian planetary physicist, I.S. Shklovsky.

In the next 18 months the United States Government is going to spend over $55 million to find out if the satellite circling Mars is an artificially created space platform.

"Space probes are now being prepared to determine if Phobos is actually a huge orbiting space base," said Raymond E. Wilson, Chief of Applied Mathematics for the National Aeronautics and Space Administration.

In 1959, Russia's leading planetary physicist, I.S. Shklovsky, published the results of observations he had made.

He came to the conclusion that Phobos is an artificial satellite, probably made of aluminum.

"We have to assume that Phobos is hollow inside, something like a tin can from which the contents have been removed," he said.

"It is an artificial satellite of Mars."
Shklovsky based his statement on four peculiar properties of Phobos:

1. No other planet has moons that are as small as Phobos.

2. Both Martian moons, Phobos and Deimos, are extremely close to the planet, Mars. Phobos is only 5,000 miles from the planet's surface.

3. Unlike all natural moons, Phobos moves in its orbit over three times as fast as Mars. This is impossible for a natural moon, according to accepted astronomical theories. No natural satellite can move faster than the planet it circles, because both planet and satellite were originally made from the same substance, traveling at the same speed.

4. Phobos is slowing down and falling toward Mars. This duplicates the motions of all man-made satellites put into orbit by the U.S. and Russia.

Scientists all over the world greeted Shklovsky's theories with mixed emotions.

Dr. H.M. Sinton, an astronomer at Yerkes Observatory, William Bay, Wis., agreed with Shklovsky, in a statement before the U.S. National Academy of Sciences.

"Phobos may be a huge orbiting city filled with men, women and children," he said. "The other moon, Deimos, might be one, too."

Agreement also came from one of the world's leading astronomical experts, Dr. Fred Hoyle, astrophysicist, a professor of astronomy at Cambridge University, England, and one-time staff member of both the Mt. Wilson and the Palomar observatories in Calif.

"This is the only theory I have heard that covers the mystery of these two moons," he said.

Dr. S. Fred Singer, professor of astronomy at the University of Maryland, and a key figure in the NASA Mars Probe project, added his agreement.

"If Shklovsky's figures are accurate, then Phobos could be artificial, hollow, and therefore made by living creatures," he said.

V.I.P. STATEMENTS

Air Chief Marshal, Lord Dowding, of the Royal Air Force in England said, "I believe there are people on other planets who are operating through flying saucers to help our world in its present crisis."

General Curtis E. LeMay said, "We expect ultimately to be capable of developing a system that will enable us to examine and determine whether or not Unknowns in Space are a threat to us."

Frol R. Kozlov, First Deputy Chairman of the U.S.S.R., Council of Ministers, while in San Francisco, California in 1959, stated: "Let's have an American-Soviet alliance against the Martians!"

Dr. Alexandar Kasantzev, a Soviet science writer said, "Highly advanced creatures from Mars have visited the earth many times until today."

William Lear, President of Lear, Inc., said, "I have seen it in the daytime. I believe flying saucers are operated by super intelligent beings from outer space."

Barry Goldwater, U.S. Senator from Arizona and Republican candidate for President said, "Flying Saucers—Unidentified flying objects - or whatever you call them are real."

Albert M. Chop, former press official handling U.F.O. information at the Pentagon in Washington, D.C. said, "One thing is absolutely certain. We're being watched by beings from outer space."

Dr. Clyde W. Tombaugh, discoverer of the planet Pluto said, "I have seen three objects during the past seven years, which cannot be explained away as Venus, nor optical phenomena of the atmosphere, nor meteors, nor aircraft. I am an expert of astronomical observations and I have sighted eight green fireballs moving in a quite different way from the usual green fireballs. It is unscientific scientists who deny the possibilities of the existence of human beings in the universe outside the Earth."

General L.M. Chassin, General Air Defense Coordinator of the Allied Air Force in Europe (NATO) says, "U.F.O.s use a power beyond our comprehension. Could
anyone say that human beings on other planets have not reached the step of controlling gravity?

ANNOUNCEMENT

We wish to announce that the 11th Annual Space Convention will be held at Giant Rock Airport, 17 miles North of Yucca Valley, Calif., on Saturday and Sunday, October 10th and 11th, 1964, starting at 10 each morning.

Speakers and entertainment will fill the two day event. The public is cordially invited. Camping, trailers and campers may use space on the property without any charge. Eats and drinks are available at the airport restaurant. Non-food concessions are welcome. Spread the word about this interesting event.

This Convention is privately sponsored by G.W. Van Tassel, who has operated Giant Rock Airport for the past 17 years, and has no connection with "The Ministry of Universal Wisdom, Inc."

IN MEMORY

I am sure that all of us deeply regret the death of Sir Frank Scully, whom we often referred to as "the dean of the flying saucer researchers."

Frank and several others were the first in the field of spacecraft research, along with yours truly, way back in the beginning before the security lid was put on the phenomena by official Washington.

Frank authored "Behind The Flying Saucers", the second book published on the subject, and one of the best to date.

We extend our condolence to Frank's wife Alice and all the family.
WEATHER, WAR, AND WHY?

A letter from one of our readers in Cape Town, South Africa, says "Since last summer there has been an increase in cloud formations over the Cape. The Transvaal (main city is Johannesburg) and Natal (main city is Durban) have experienced severe storms, with hailstones as big as golf balls. Durban has also been hit by hurricanes, where one has not been heard of before. A "red tide" in the Atlantic and Indian Oceans has caused immense mortality among fish."

"A third of the fish of the seas and a third of the fowl of the air shall die", is Biblical prophecy of the latter days. Naturally fowl that live on fish (sea birds) are going to die if the fish (their sole source of food) are contaminated.

"Security" has hidden the fact that they are having record breaking cold in the Gulf areas - with unheard of warm, moist days in Alaska. Unheard of hurricanes over the North Sea going into Scotland, flanked by persistent droughts across Russia and China - with unprecedented rainy seasons across normally parched sections of North Africa.

It leaks out from behind "security" that atomic tests and experiments in space have torn holes in the Van Allen Radiation Belts high above the Earth's atmosphere. This has altered the behavior of the ionic streams which influence the direction of the prevailing winds below, which in turn influences the ocean currents. A U.S. Space tracing installation in Peru has reported disturbing evidence that not only are the prevailing air movements changing, but that the great Humbolt Current in the Pacific Ocean, which governs the weather of the U.S. Pacific basin, is dividing and may be reversing itself.

Since the Soviet Union has the same interest as the U.S. in keeping public worries at a minimum, especially as related to military nuclear experiments, the clamp-down on what is happening is more or less universal. Soviet and U.S. Astronauts have been afflicted with dizziness and disturbed equilibrium since their flights into space.

It seems strange how events in small foreign countries always take place right after being visited by officials from Washington, and they have returned
safely to this country.

The "string pullers" behind official front men in political and military positions must have a war for many reasons. The attack on a U.S. destroyer off Viet Nam was staged so clumsily that a child could see through it, the same as the collusive evidence in the assassination of President Kennedy.

A Korean-type war is an absolute necessity now, before election time, so the voters "won't change horses in the middle of a stream." It will soup up the phoney economy, get unemployed people to work so they can pay taxes, make multi-millionaires out of millionaires, promote a reason for the President to declare "a national emergency" so the "King makers" who are being submerged in a stream of gold water by the grass roots public can get hold of the reigns again, and give central authority the "emergency right" to violate the Constitution "legally" under war measures.

In their desperation, because bureaucracy is getting too big to control, officials are exposing their secret caucus controls and cooking their own goose.

We hope in the near future to have some scientific data to present to our readers relative to evidence of a polar shift and changes in the Earth's orbit that have already occurred.

Weather and War are apparent to everyone when they occur, but Why they happen will only be known to those who make it a point to keep up with the times.
