## FRONT PAGE PICTURE

Censorship and meddling authority blocked out the most revealing part of the Russian picture of the back side of our Moon when it was printed in the newspapers.

A full third of the left hand side of the picture on the front page of this "Proceedings" was eliminated in the press and on T.V. Why? Why was this portion of the picture restricted from the public? It wasn't security to keep it from the Russians. They took the picture!

You can see in the lower left hand corner that a revetment, or large dike, has been pushed up from the material of the Moon's surface around the large, white, disc-shaped area. Is this ice? Is it water? Or is it a large, domed city, which would verify George Adamski's statement of many years back - that "there is a large city on the back side of the Moon."

It looks like a rounded canopy, and is over a hundred miles in diameter. It does not appear to have any pock marks or craters in it. Therefore if it is a domed city it was built after the Moon craters were formed. We contend that the domed buildings in the Gassendi crater and their interconnecting tubes on the surface, and this picture alone, prove that there are other intelligent species of the race of man in space.

Only in your "Proceedings" are you taken behind the foolish censorship. The Bible says "In the latter days all things shall be revealed."

## VERIFICATION AGAIN

Back in the March-April, 1965 "Proceedings" on page 11, we said, "The earth's plane of orbit around the Sun has changed 3°.

In an article in the Los Angeles Herald Examiner of January 7<sup>th</sup>, 1966, headed "Sky Light A Rocket, No Saucer" the information leaked out in the effort to cover up spacecraft. At the end of the article it says, "Robert Oriti of Griffith Observatory said the earth is moving into a different orbit which more than likely contains a greater number of meteors and other space objects."

## THE SATANIC INFLUENCE

One constantly hears of the necessity of conforming to the "laws of the land", or "laws of the United Nations", or "laws laid down to conduct wars" under the Geneva Conferences.

Laws have led to the downfall of this civilization. They are made by the rich to stay rich. They are made by a minority in power, so as to control the masses. They are not legislated or based on natural laws, or formulated for justice.

A man puts on a military uniform and this entitles him to kill people he doesn't even know, who have never done him any personal harm. The few who sit in the seats of power draft him and teach him fifty-two ways to kill someone. Ever since Cain killed Able this Satanic world has devised bigger and better ways to kill people.

There are snakes disguised as humans who need to be eliminated. They are detrimental in their every act and word, to society and its associates.

If however, you kill someone and you're a civilian, every expense is extended to get you into prison or wiped out by "legal" capital punishment.

These killing laws do not apply if the minority in authority decide to destroy an "enemy" for some political or economic reason.

Thousands of years of wars, caused by this satanic minority in authority, have not brought peace, or understanding between any people of different political, or ideological thinking. They have only made more people hate more people.

If suddenly some force caused all of the minorities in authority throughout the world to die suddenly, battles would cease, political animosities would disappear, and a period of time to think would come.

This of course is only possible through an "outside source" of action. No earthly organization of Nazis, Commies, K.K.K., Minutemen, C.I.A., U.N., or any other group has the power under any laws to bring peace on earth.

This year, 1966, is going to be the year when someone in authority on one side, or the other, assumes to violate all laws made by men and in a fit of retaliation goes beyond the point of no return. No negotiations of any kind will then be possible. This will smash the United Nations and any chance of peace on earth, by any organization.

When men dig a hole, Nature will fill it in time. When men pile up dirt, Nature through rain, wind, and erosion will level it again, in time. When a pendulum swings up it will swing down again.

The only thing on the earth that can stop an escalation to total war would be a complete economic collapse. This in itself would create world-wide chaos and probably as many people would starve to death as an all-out war would kill.

So authority is "caught between the devil and the deep blue sea". Their philosophy is suicide by war in order to keep from losing their power, money, and luxuries.

So many nice people in authority will not discover they are the pawns of a satanic influence until it is too late.

God's law "Thou shalt not kill" is violated daily hundreds of times throughout the world.

The U.N. stopped the war between Pakistan and India in nothing flat, and they had an age's long reason to fight each other. The 1966 agenda for the U.N. General Assembly hasn't even an entry in it to stop the Vietnam conflict. That is because it is an engineered, or controlled war.

The "war on poverty" is being run by people who never knew poverty. Jesus said, "How can one understand infirmity unless they have been infirm." Put the poor to work running their own war on poverty!

Laws ultimately lead to their own undoing, because they are laws against things. Laws do not eliminate old laws - they only add new laws.

The Golden Rule Law is for something. It tells you what to do. It needs no provision for enforcement. The laws of God reciprocate when they are used.

The sadistic, greedy, egotistic humans who achieve to power always end up being an agent of destruction. The churches have failed over the centuries to bring peace. They are split in their dogmatic views. A one world religion wouldn't accomplish peace. It would only revert to inquisition in their efforts to enforce peace under their laws.

Laws under the present society are subject to interpretation. When one side interprets the law, it favors their viewpoint, or interest, and vice versa if the other side interprets it. All laws made by humans have loopholes through which the favored escape, regardless of guilt, or innocence, under justice.

The Negroes are discovering that the civil rights laws aren't giving them anything they didn't have before, under the Constitution. The voting rights law only lets them register to vote. Their vote doesn't create anything for their betterment. No more chicken on the table, no better car to drive, no more of any of the things they need.

The same people who said the boys in Vietnam would be home by Christmas a year ago, are the same people who have escalated the "war" and sent thousands of more Americans over there. These people in authority have violated the law which says only Congress can declare war. How can authority expect people to respect and conform to their laws when authority itself violates the laws established for the people?

T.V. constantly shows the big parties being given for the big people who come over here to blackmail the U.S. into giving them more money, or else.

The laws of human decency are being violated every time another bomb blows some women and kids to bits in an undeclared so-called "war". Every American who dies in this undeclared war is being murdered indirectly by the minorities in authority, who are fighting only to support an economy that has been raped until there is nothing left but debt.

The laws of God and nature are being violated by laws made by men. How far can they be violated before the natural law of equal and opposite reaction occurs?

Laws made by men provide for punishment if one is caught violating them. Punishment is the torture provided by the Satanic influence. This has never stopped laws by men from being broken by humanity. The cycles of destruction through the centuries are caused by laws made by men under the satanic influence.

There is only one thing humans have in common, regardless of race, color, or creed, and that is life. If each person in the world did something each day to make someone else's life more happy, or fruitful, they would stop the satanic influence of hate and greed and war.

There is no law to intelligence. It is God given. Ignorance insists on making laws to advertise itself.

The present trend is to propound "dreams", of changing in one generation, through laws made by men, what had not occurred in thousands of years. Laws create restrictions. Restrictions create corruption. Corruption creates malice and hate. Hate creates riots and bloodshed and wars. Wars create more restrictions and more laws and more greed. Then when the opponents wear down, or go broke, the war ends and authority starts choosing up sides again for another conflict.

All the laws in the world, made by men, have not stopped the increase in crime, riots, or conflict between people. The appropriation of billions of billions of dollars through taxes, has not solved a single problem in people. It has only financed more and bigger greed, corruption, and wars.

Until people perform their jobs through dedication to a better world, instead of for political prestige, or monetary income, the world conditions will only grow worse through laws made by men to restrict people.

When natural laws are followed by people, under the basic law of the Golden Rule, all of the man-made laws can be discarded and peace will reign, without authority creating havoc by serving the satanic influences of restriction while hiding behind the false face of a "do-gooder".

If the shoe fits, wear it.

## REPORT ON THE RECENT SPACE CONVENTION

For those of you who could not attend the Space Convention on October 9<sup>th</sup> and 10<sup>th</sup>, 1965, held at Giant Rock Airport, we will try to answer your many requests as to what occurred.

The same well-known people spoke; and the Convention was declared by those who have attended every year, to be the best in 12 years.

Each year there seems to be one outstanding thing occur. We report this last year's revelation as follows.

A man who introduced himself as Mel Noel, addressed the 6000 people on both days of the Convention. He stated that he was an ex-Air Force pilot, having left the Air Force under a medical discharge in 1957. He said that there is a 10 year statute of limitations imposed on Air Force personel, that does not permit them to talk publicly on any event they are involved in while in the Air Force.

What he disclosed occurred in 1954, and he said "he had to live with it stuck in his craw for 10 years, and now he just had to tell people about it."

Ex-Lieutenant Noel said they were flying North toward Canada over the state of Idaho, in a formation of F-86 jet aircraft. This formation was flying at 38,000 feet altitude, at dusk, when suddenly 16 disk-shaped objects came from above and flew in a "V" formation in front of them. The four F-86 pilots continued their flight following the 16 "saucers", while they took pictures with their gun cameras, at the instructions of the Colonel who was in command of the squadron.

Mel reported that the "saucers" in formation flew at times from five to six times faster than their F-86 speed, which was 680 knots per hour. The jets increased their speed above Mach 1, which is the speed of sound, or 750 miles per hour at sea level. He said the saucers flew circles around them. He felt like he was flying an old Wright biplane instead of a super-sonic

jet. This continued for 12 minutes. Mel said that the saucers at one time flew close to about 1000 feet away from them. He said they would speed up, stop, and reverse directions, and perform manuevers impossible to do with conventional aircraft. Mel said when they landed all the film was removed from their gun cameras and sent to Washington, D.C.

A week and a half later while flying in the same area on another assignment, Mel says they again were accompanied by the saucers. Suddenly the Colonel instructed them to switch to another radio channel. Mel says he heard the man in charge of the saucers speaking in slow English to the Colonel.

When they landed after this flight, the pilots were instructed to fill out forms telling exactly what they had seen, but nothing about what they had heard over their radios.

Mel said that later the Colonel told him of an arrangement made by the people in the saucers to meet the Colonel in a given room in a particular motel in Phoenix, Arizona - when he was flying out of Luke Air Force Base.

The Colonel said he was furnished an Air Force Staff car by his superiors to drive to the motel. The Colonel went to the motel early, and soon two men came to the door and he admitted them. They said names were not important, and the Colonel could call them "Bill" and "Joe". They invited the Colonel to go with them, and they drove beyond the outskirts of Phoenix into the desert, where a large saucer was parked. The Colonel said the lights on the car went out as they drove up near to the saucer, without the light switch being turned off.

As the Colonel and the two men approached the saucer on foot, one of the men handed him a disc and told him to hold it between his two hands. Then they went aboard the saucer, where he found there were both men and women on board the ship.

The Colonel was embarrassed when two gorgeous women came into the room, because he was doing what he called "progressive thinking" about the women - when he discovered they could read his thoughts. He thought the women looked very young and was startled when the saucer commander informed him one of them was 78 years old and the other was 146.

The commander, whom the Colonel described as a super-intelligence compared to humans, told him the craft he was aboard was taken into a mother-craft for inter-planetary travel. They told him there was once an atomic war between people who occupied the Moon and people on the Earth at that time. (This probably explains Sodom and Gomorrah of the Bible). The commander told him that reincarnation was a scientific fact to them. He said one only re-embodies on the Earth when they have failed to make the grade here in their last lifetime.

The Colonel returned to his flying with the Air Force a much changed man, according to Mel. The Colonel later disappeared in a jet while on a flight over the Atlantic Ocean, and was never found.

Mel stated flatly that the Air Force knows where the saucers are from; they know they are here, and that he believes the Air Force should reveal the facts to the public.

Mel Noel is married. His wife was with him at the Convention and they have four children.

He is now trying to locate other Air Force pilots who have had experiences with saucers, and who are now beyond the 10 year statute of limitations.

#### ANNIVERSARY

This issue of the "Proceedings" starts the thirteenth year of this publication. We hope to continue printing this paper as long as time and money will permit us to do so.

We want to thank those of you who have sent gifts of money to keep the "Proceedings" going. Your letters and comments are also greatly appreciated.

This issue is not being mailed to nearly 500 of the people who were in our active file, because they either haven't been supporting the expense of printing and mailing the "Proceedings", or we have not heard from them for at least two years.

Please send us your Zip Code numbers, and any changes of address!

## THE INTEGRATRON

When we are doing God's work, not preaching about it, it requires that we conform to all of the physical and economic requirements of our time, the latter days.

One can talk about beneficent things without much cost, or overhead. We who are here doing the work must use the tools, labor, and materials of this extravagant, financial system.

Out of 3000 people who are associated with us through the "Proceedings", only 38 of them gave \$12.00, or more, during 1965. The majority of our associates gave only enough to pay the printers and buy the stamps for their "Proceedings". We furnish the labor for free.

Our purpose is not only to keep people informed. It is to be in contact with each of our partners in God's work to complete the "Integratron" for humanitie's benefit.

We know any act of giving for this God-inspired project will return to the givers in many ways.

We are crawling in this work on the "Integratron", where we should be running.

We appeal at this time, at the beginning of a New Year, to each of you to financially support us to the fullest extent of your inspiration, or we will be forced to "mothball" this great work!

Now, before doing anything else, send us your check, or money order, and know that God will reciprocate to make your life a better one.

The "Integratron" is 70% finished. YOU can be a part of this project from any distance. One instrument alone will cost \$1,200.00. Wire for the giant coils will cost nearly \$2,000.00. Turbine blades for the gigantic armatures, another \$3,000.00. We need thousands - while billions are being wasted! We can't ask Satan's agents of destruction for the money; we must appeal to the Sons and Daughters of the Creative God. Are you one of them?

## OBSERVATIONS

We wonder what the "War On Poverty" recipients think, when lavish parties are arranged for a queen's sister and her photographer husband. They are wined and dined at the cost of thousands of dollars, while thousands of kids go without milk.

If we are trying to stop the spread of Communism in Vietnam, at the cost of thousands of killed and injured, and millions of American tax dollars, why are so many bombs being dropped in the jungles? One flight of B-52 bombers could knock out the dam Northeast of Hanoi and shut off all water and electricity to both the capitol of North Vietnam, and the missile sites that are shooting down our jets; without killing the people of Hanoi.

Why are authorities figuring on a long war in Vietnam? If we can't win this war in 6 months, in a country the size of California, how could we compete in a war with countries the size of Russia, or China?

Why is our military action in Vietnam called war by all the authorities, when Congress has never de-clared war?

The President stopped Aluminum companies from raising prices by declaring he would sell government stockpiles of aluminum - but the Federal Reserve Banking system (a private corporation) raised the interest rates, and got away with it, because the President didn't have a stockpile of "interest". Stop inflation on the one hand and permit it on the other. Stop the spread of Communism in Vietnam and finance it throughout the rest of the world.

The United Nations fought for independence to put a stop to colonialism; and provinces, states, and colonies became nations. Now Rhodesia wants to be independent and the U.N. is supporting the fight to prevent its independence.

The United States fought for independence from England, and became the strongest, wealthiest nation in the world, and now the United States is boycotting Rhodesia from doing the same thing.

The government is shipping out a hundred-thousand American boys to Vietnam from the West Coast, and importing a hundred-thousand Cubans on the East Coast — to swell the taxpayer's burden.

Well, it looks like we need a Department of Psychiatry now in Washington to examine the inmates!

Look for 1966 to be the year of financial, military, and social upsets that will reveal how ignorant the intellectuals and experts really are. Throw in some of the most destructive storms, an earthquake or two, and an increased number of tornadoes; stir vigorously under a hot Sun and come up with the darndest conglomeration of chaos in this sivalization. It tastes bitter.

### SURVIVAL

Since we wrote an invitation, in the last issue of the "Proceedings", for people to write to us about a survival program, we have received so many letters that we will answer all of you now.

#### The Answer

Here on the High Desert we have a natural condition not available in any other known place. This is a source of both underground water and air.

In event of atomic bomb explosions in the atmosphere, in either a small or large war, all surface water, lakes, rivers, and reservoirs, would be contaminated, as well as the air, rains, and snow.

The world level of radiation is high now, and in some places exceeds the critical level.

Many of you answered from a distance that would almost prohibit your getting here if conditions made it necessary. We made a reference to "those who qualify", and the distance factor was what we meant by this.

Our plan is to build an underground sanctuary, with both air and water coming from long tested, unlimited underground supplies of both. Food would be stocked for a one year minimum.

You, our readers, will hold the financial answer as to whether we start this program or not.

## BLACKOUT

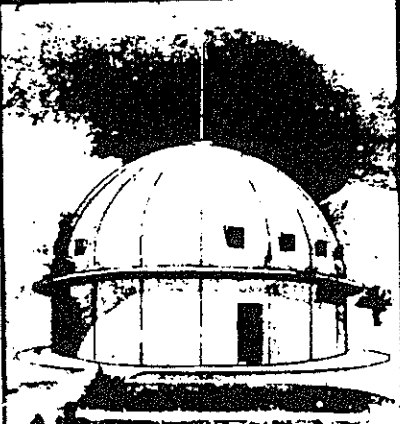

We do not normally reprint articles from other publications, but this is so impressive that we want to share Bob Gribble's report with our readers.

"Unidentified flying objects did not cause the massive power failure that blacked out most of the Northeast United States on November 9 -- or did they? The official report attributed the blackout to a broken relay at Sir Adam Beck power plant No. 2 at Queenston, Ontario, Canada. There has been considerable UFO activity near the Beck plant recently. Residents of Erieau, Ontario, Canada, observed a large UFO overhead about the time of the blackout. According to witnesses, the object had appeared for at least a week, almost every night, turning the black night sky as bright as day. This, of course, is no proof that the flying objects were the cause of the power failure. There was considerable UFO activity in the area around Syracuse, New York on the night of November 9th. Deputy City Aviation Commissioner Robert Walsh was piloting a plane about 1,500 feet over Syracuse when the lights went out. When he got back on the ground, Walsh said, 'a strange thing happened. I was sitting on the ground near the runway with others when we saw a sudden ball of fire south of us. It appeared to be about 100 feet in the air and 50 feet in diameter. All I could think of was a mushroom effect.' About 10 minutes later, Walsh said the group saw another ball of fire answering the same description.

Two men in an airplane above South Bay, New York reported seeing a huge fireball shortly after the lights went off at 5:22 p.m. Weldon Ross, part-time flight instructor with the Syracuse Flying School and his student, James Brookings, reported seeing a 'ball of orange-reddish fire which flared up bigger than a house fire.' Ross said he and Brookings were about over Three Rivers 'when the lights went out. We were over the high line (electric power line) which runs from Clay, New York to Niagara Falls, New York, when we saw the fire flash. It looked like a barn fire--a barn full of hay and lasted for perhaps 10 seconds.

I know I was over the power lines. I couldn't see them but I knew where they were.' Ross said he knows the area where he saw the fireball very well. He said the location of the sighting is north of Hancock Field. Ross has been teaching flying on weekends and nights for 15 years. Another man, Tom Doxsee, Town of Manlius, New York, reported seeing a 'ball of fire' sometime within an hour of the time the lights went out. He described it as looking 'like the sun setting', only in this case it was setting in the east. He said he saw the object 'between an opening in draperies' but had no intention of saying anything about it until he read of Commissioner Walsh's experience. Doxsee also reported a woman neighbor said she saw a bright object described as 'yellow but which stood on end, was oval rather than round, stood up and down rather than crosswise.' Mrs. John Clary of Onondaga, New York sighted a mushroom 'ball of fire.' Leon Carpenter of Fayetteville, New York said he also saw a 'ball of fire' from his shower room. A Camillus, New York housewife and three of her children reported they saw a 'huge, dome-shaped fireball in the sky just before the lights went out.' Mrs. Dewey Boshers said a mushroom-type ball of light appeared in the southeastern sky that stayed for at least five minutes. Mrs. Boshers said the strange light rose over the moon. As she and her children, Dewey, 17, Suzette, 14, and Howard, 9, watched, the fireball began to move forward. As it did so, the house lights dimmed. Then Mrs. Boshers reported, it moved backward and disappeared in a flash, simultaneous with the loss of electric light. Another Camillus woman, Mrs. Everett B. Jones said she saw a huge ball of fire hanging over Camillus Plaza on Route 5 shortly after the lights went out. She said she saw a huge orange ball of fire sink below East Hill just outside Camillus. Several unimpeachable witnesses in scattered areas of Philadelphia, Pennsylvania reported seeing a 'curious cloud, shaped like an upended coin with a handle,' in an otherwise cloudless sky at almost the exact moment the power failure occurred. One of the witnesses, Walter Voelker, a research engineer, said: 'The most curious aspect was that by the time my wife and I saw the 'cloud' and could stop the car in traffic for a better look, it had shifted to the other side of the sky. We saw it in three different locations. Later we learned of others who had had similar experiences in sighting it.' Mr. and Mrs. John A. Dorr

of Somerville, New Jersey reported that just after the blackout occurred, they were looking out their kitchen window when they noticed a large light in the black sky. At first it was stationary, then it moved vertically and horizontally, making an almost complete square. It then moved at great speed to the northeast. FCC Commissioner Chairman Joseph C. Swindler has said that the electric power blackout may never be fully explained, and that there is no guarantee it could not happen again. How about that?"

Those of our readers who would like to receive the "N.I.C.A.P. Reporter" should write to the following address: N.I.C.A.P. REPORTER, 5108 S. Findlay Street, Seattle, Washington, 98118.
